

Carmen's Sticky Trivia Game

1. True or False: Cuts heal faster if you pick the scabs off.
2. True or False: Sharks can smell blood.
3. Scabs are made of blood cells, skin cells or cupcake sprinkles?
4. True or False: Some people eat scabs.
5. True or False: Blood from a cut helps make the scab.
6. Sharks can smell one drop of blood in 100, 1,000 or 1,000,000 drops of water?
7. How long does it take the average scab to heal—two weeks, it depends on how bad it is, or five days?
8. True or False: Paste is good for sticking down scabs.
9. True or False: Scabs never fall off unless you pick them off.
10. Sharks can smell blood 50 feet, 1,300 feet or 5,000 feet away?
11. True or False: Eating other people's scabs is a very bad idea.
12. True or False: Eating school lunch is better than eating a scab.
13. How many different types of sharks are there? Over 300, around 27, or over 1000?
14. Scabs turn brown in the shower because dirt washes into them, old red blood cells wash off, or soap reacts with the scab and makes it brown.
15. True or False: There really are such things as Wobbegong sharks.
16. True or False: Scabs are delicious.
